## PUBLICATIONS MAIL NDG REGIONAL PRICE CATEGORY FSA TABLE

In order to qualify for the Regional price category, at least 50% of the total copies in the publication issue mailed must be addressed to non Letter Carrier offices (i.e. Local Rural and/or Regional). Since Regional is a subset of NDG Presort, if the 50% requirement is not met, then the pieces originally entered as Regional must be repriced at NDG National prices. As an example, Publications Mail items deposited at Winkler MB, a postal facility in Manitoba, for delivery to Val Caron ON P3N XXX would qualify for the *NDG Regional* price. A Customer may be required to provide a *Mailing Summary* to verify qualified Regional pieces.

Delivery addresses with Postal Codes<sup>OM</sup> in the following FSA's may qualify under the *NDG Regional* category of Publications Mail, as described in [section 5 "Pricing" of the "Publications Mail™ – Customer Guide"](#). Note that *NDG Local Rural* applies to all copies mailed at a post office with no Letter Carrier Delivery for delivery at that same post office. *Regional* applies to all copies mailed at a postal facility for delivery at post offices which have no Letter Carrier Delivery and which are located in the same or adjacent provinces as the accepting postal facility.

The following table identifies which FSA's are considered non Letter Carrier offices within each province:
